Australian Prime Minister Bob Hawke visits China, reaching an accord to foster the iron and steel relationship, 1984.

时任澳大利亚总理霍克访华，中澳双方达成共识，就发展钢铁行业展开合作（1984）。

A message from Jean-Sébastien Jacques

In 2016 we celebrate both our 50th anniversary from when the first shipment of iron ore left Dampier and our 43-year partnership with China.

In 1973, we sent our first shipment of iron ore to Shanghai Number One Steel Mill, which is now a part of the Baosteel Group.

Over the decades together we have built not only commercial relationships, but also personal ones.

With strong support from the Australian and Chinese Governments, the original Channar joint venture was signed in 1987 and provided for the production of 200 million tonnes of iron ore. It was later extended by 50 million tonnes.

We place immense value on our long-term customer relationships and our 2016 Channar Joint Venture extension earlier this year clearly demonstrates that Rio Tinto and Sinosteel remain committed to a mutually beneficial partnership.

The Bao-HI partnership was formed in 2002, between our business and Baosteel. Over the years the joint venture has delivered hundreds of millions of tonnes to China, underpinning infrastructure growth and the metal intensive needs of its urban populations.

I am very pleased that we have been able to contribute to the enduring relationship – between our industries and between Australia and China.

We have come a long way on the path we embarked upon all those decades ago in the Pilbara. The terrain has sometimes been rocky, but we've helped and supported one another as we have progressed.

I am confident our journey together will continue, as will the relationships and bonds we have built over the past half century.

Jean-Sébastien Jacques

Chief executive, Rio Tinto

力拓集团首席执行官夏杰思致辞

2016年，正值我们纪念力拓第一船铁矿石从丹皮尔港发运50周年之际，我们还要庆祝与中国的合作伙伴关系进入第43个年头。

1973年，我们的第一船铁矿石运抵上海第一钢铁厂，其目前已成为宝钢集团的一部分。

几十年来，我们不仅建立了商业关系，也增进了人文交流。在中国政府和澳大利亚政府的大力支持下，原恰那合营协议于1987年成功签署，共生产2亿吨铁矿石，之后又续约了5千万吨铁矿石。

我们非常重视长期合作伙伴关系，并于2016年初签署恰那合营企业延期协议，此举表明力拓和中钢集团始终致力于建立互惠互利的合作伙伴关系。

2002年，力拓旗下的哈默斯利铁矿公司与上海宝钢集团成立了宝瑞吉合资公司。在过去的十几年里，合资公司已向中国交付了过亿吨铁矿石，为中国基础设施建设提供了有力支持，并满足了城市人口对金属资源的大量需求。

我很高兴我们为建立行业之间以及中澳两国之间持久的合作伙伴关系做出了巨大贡献。

从几十年前的皮尔巴拉一路走来，我们和衷共济，同甘共苦，历经漫漫长路，取得了长足进步。

我相信我们能携手共进，继续新征程，正如我们在过去半个世纪所建立的关系和纽带一样源远流长。

A message from Chris Salisbury

Our partnership with China has played an important and essential role in the growth and success of our company over the past half a century.

We began our relationship with China back in 1973, when our first shipment loaded with 21,812 tonnes of Hamersley Iron ore travelled to China on the M/V *Stolt Vista* from Parker Point, Dampier.

Since those early days, we have seen significant achievements, great effort and continued innovation, made possible by the remarkable people who have been involved.

The Channar Mining Joint Venture is one of the most important deals not only for our business, but for Australia's economic ties with China.

This year an extension was signed for the Channar Mining Joint Venture, together with a separate agreement for Rio Tinto to supply iron ore from the Pilbara, enabling sales of up to 70 million tonnes of iron ore to Sinosteel to 2021.

Our joint venture with Baosteel commenced production in 2004 from the Eastern Range mine. Baosteel is our biggest customer and, in turn, this partnership is an integral part of our growth story. We are already halfway toward delivering the 200 million tonnes covered by the agreement.

The spirit of all those who have played a part in our success story has inspired our choice of the Groundbreakers theme for our 50th celebrations.

Groundbreakers captures much of what the past 50 years has been about – significant achievements, remarkable effort, big change, and thinking very differently from one year to the next. Groundbreakers are the people, the activities and events on which our business has been and continues to be built.

As we look to the future we will continue to work on building the ties between our countries and, with this, continue to grow our personal and business relationships.

Chris Salisbury

Chief executive – Iron Ore, Rio Tinto

力拓铁矿首席执行官邵立波致辞

过去的半个世纪，我们与中国的合作伙伴关系在力拓的发展和成长中发挥了重要作用。

我们与中国的贸易关系始于1973年，第一艘货船（Stolt Vista）装载着21,812吨哈默斯利铁矿石从丹皮尔港帕克角出发，驶向中国。

从那时起，我们开创历史、成就卓越、不断创新，在无数同仁的共同努力下，取得了令人瞩目的成就。

恰那铁矿合营项目不仅是力拓最重要的项目之一，更对推动澳大利亚与中国的经济合作起到了至关重要的作用。

今年，力拓与中钢签署协议，延长了恰那铁矿合营企业的经营期限。加上另外单独签署的力拓皮尔巴拉铁矿供货协议，我们将在2021年前向中钢集团供应约7,000万吨铁矿石。

2004年，我们与宝钢集团合资建立的宝瑞吉矿山公司东坡矿投产。宝钢集团是我们最大的客户，与宝钢集团的合作伙伴关系也是我们发展历程中重要的一部分。如今我们已经完成了2亿吨协议交付量的一半。

那些在我们成功故事中发挥过重要作用的贡献者的精神激励我们将铁矿50周年庆典的主题定为“开拓者”。

“开拓者”精神承载了我们50年卓越成就的精髓——不懈努力、巨大变革、创新思维。“开拓者”是我们安身立的根基，包括我们的人才、行为和经营活动等等。

展望未来，我们将继续致力于推动中澳两国关系进一步发展，并在此基础之上增进人文交流、强化业务合作伙伴关系。

Greetings from Mr. Lejiang Xu, Chairman of Baosteel Group Corporation

First and foremost, congratulations to Rio Tinto on the 50th anniversary of iron ore mining in the Pilbara!

The development of the Pilbara over the last five decades is inseparable from the rapid growth of Chinese steel industry. Back in 1973, a ship carrying 21,812 tonnes of iron ore from Pilbara set sail to Shanghai, marking the very first step of cooperation between Rio Tinto and steel enterprises in China. The buyer was the Shanghai Number One Steel Company, which was later on incorporated into Baosteel Group.

Rio Tinto began its iron ore supply to Baosteel in September 1985, when the first phase of construction of Baosteel had just concluded and put into formal operation. Since then, our two companies have maintained a strong friendship which has stood the test of time.

In June 2002, Baosteel and Rio Tinto jointly established the Bao-HI Ranges Joint Venture, upon signing of “Agreement between Baosteel and Rio Tinto for Long-term Cooperation” and “Agreement for Long-term Iron Ore Supply”. The Joint Venture, is a successful demonstration of mutually beneficial partnership between Chinese and Australian businesses. This has played a significant role in the past development of both companies.

On behalf of Baosteel Group, I’d like to take the opportunity to congratulate Rio Tinto on your past 50 years of mining iron ore in the Pilbara. May our two companies keep moving forward and continue to have a solid relationship. We look forward to walking shoulder to shoulder and prosperous development in the years to come.

Mr. Lejiang Xu
Chairman, Baosteel Group Corporation

宝钢集团董事长徐乐江致辞

热烈祝贺力拓西澳皮尔巴拉矿区投产50周年。

皮尔巴拉五十年的发展，和中国钢铁业的快速发展是相辅相成的。1973年，载有21,812吨皮尔巴拉铁矿石的货船从丹皮尔港驶往上海，标志着力拓与中国钢铁企业的合作正式启航。当时第一船货物的买方是上海第一钢铁厂，后来成为宝钢集团一部分。

1985年9月，宝钢一期工程投产，力拓集团开始向宝钢供应铁矿石，在此之后，宝钢与力拓一直保持着友好的合作关系，双方的友谊经受住了时间的考验。

2002年6月，宝钢与哈默斯利铁矿有限公司签署了《宝钢与力拓集团长期合作框架协议》和《长期供矿协议》，合资组建宝瑞吉矿山合资企业。一个年产千万吨级成品矿的宝瑞吉矿山公司由此应运而生。宝瑞吉为宝钢及力拓集团的发展发挥了重要作用，并成为双方战略合作的一个优秀示范平台，也是中澳企业间互利合作的成功典范。

在力拓皮尔巴拉矿区投产50周年之际，祝愿力拓的事业更加辉煌。宝钢与力拓的合作长期稳固、值得信赖。我们愿与力拓共赢发展，共创未来。

宝钢集团董事长

A message from the Australian Ambassador to China

I congratulate Rio Tinto Iron Ore on reaching its 50th anniversary.

Being in business for 50 years is a significant milestone for any company, and this achievement is a testament not only to the quality of Rio Tinto's products, but to the long-term commitment the company has made to its staff, business partners, customers and shareholders.

It is difficult to overstate the importance of these relationships in China. Rio Tinto has been a pioneer in doing business with China. In 1973 it became the first foreign company to supply iron ore to China, shipping 22,000 tonnes from Western Australia to Shanghai Number One Steel Mill, now a part of Baosteel.

In 1987 Rio Tinto became the first foreign company to enter into a resources joint venture with a Chinese company through the Channar iron ore project with Sinosteel. In April this year in Beijing, Australian Prime Minister Malcolm Turnbull and Chinese Premier Li Keqiang witnessed the signing of the latest extension of this partnership.

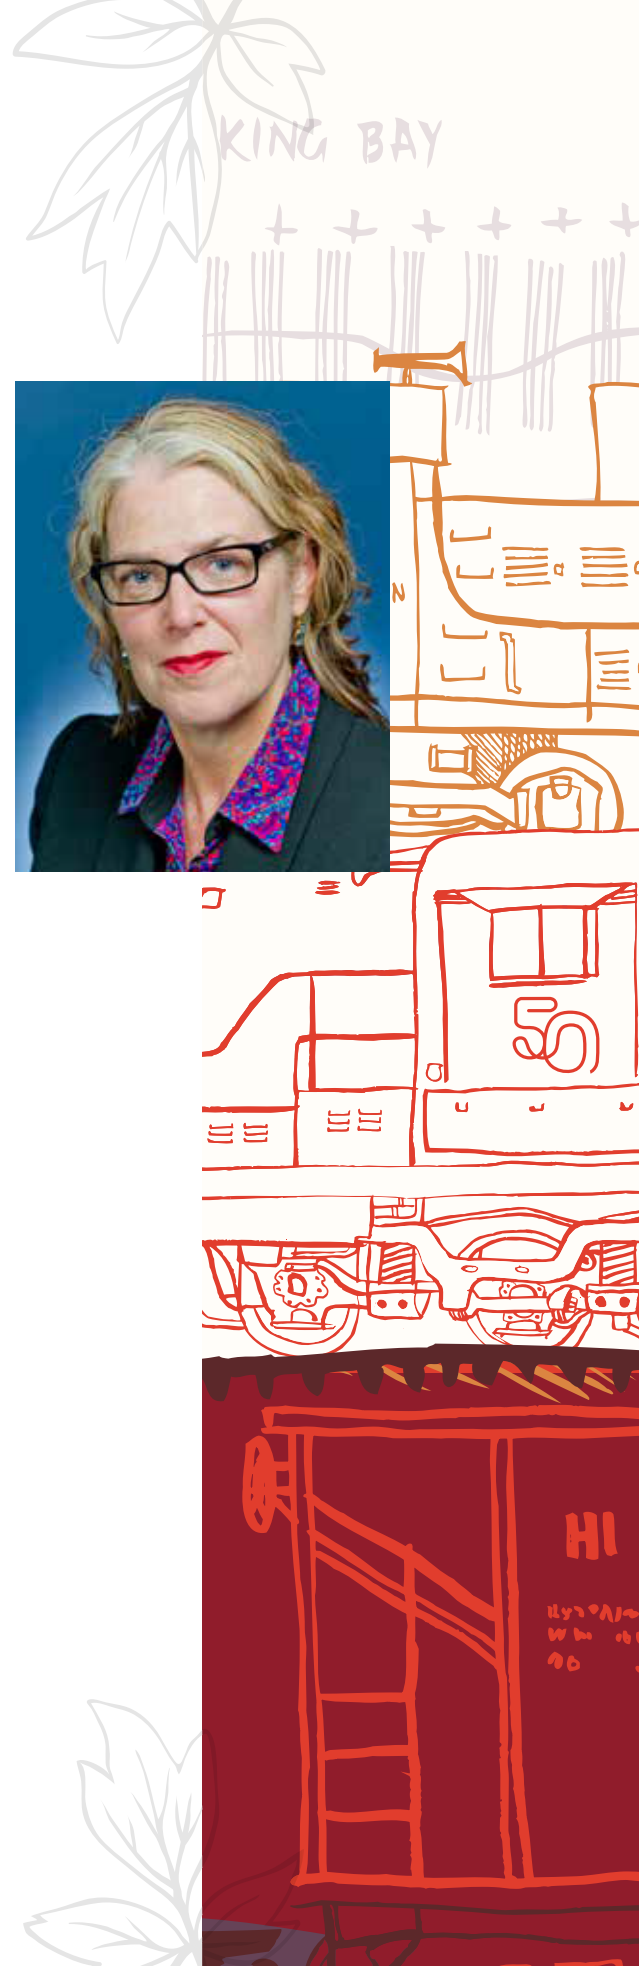

Importantly, Rio Tinto's relationships in China extend well beyond the sale of resources. In recent years we've seen the increasing supply by Chinese companies of mining and railway equipment to Rio Tinto's Australian operations. Rio Tinto has strategically partnered with Chinalco, and with Tsinghua University in an Energy and Sustainable Development Joint Research Centre.

Trade and investment in resources and energy, and in particular iron ore, are fundamental to the bilateral relationship between Australia and China. Of our total two-way trade of over \$155 billion in 2015, iron ore alone was worth close to \$40 billion.

Australia is deeply committed to continuing to develop and expand its trade and investment ties with China, both in the resources sector and beyond. The entry into force of the China Australia Free Trade Agreement has brought new impetus to this vibrant and complementary bilateral relationship. We look forward to working with all of our Chinese partners to realise these opportunities.

I commend Rio Tinto Iron Ore on its dedication to its business and wider partnerships in China, and I wish the company continued success as an important contributor to the bilateral relationship between Australia and China.

澳大利亚驻华大使安思捷阁下致辞

热烈祝贺力拓铁矿成立50周年。

对任何公司来说,能够成功经营50年,都是值得庆祝的重要里程碑。五十年的成就不仅体现在力拓公司高品质的产品,更体现在力拓对员工、合作伙伴、客户和股东的长期承诺。

在中国,与利益相关方保持良好关系的重要性毋庸置疑。力拓是开拓中国市场的先锋,是第一家向中国供应铁矿石的外国公司。1973年,货船运载着2.2万吨铁矿石从西澳皮尔巴拉出发,驶向如今已成为宝钢集团子公司的上海第一钢铁厂。

1987年,力拓与中钢集团成立恰那铁矿合营公司,成为第一家与中国企业建立资源类合营公司的外国公司。

今年4月,澳大利亚总理马尔科姆·特恩布尔与中国总理李克强在北京共同见证了恰那合营公司最新延期协议的签署。

更重要的是,力拓与中国的关系不止于资源贸易关系。近年来,我们看到越来越多的中国企业向力拓在澳大利亚的运营单位供应采矿、铁路等相关设备。力拓还与中铝建立了战略合作伙伴关系,并与清华大学共同成立了清华力拓资源能源与可持续发展研究中心。

以铁矿石为代表的资源能源贸易与投资,对中澳两国双边关系至关重要。2015年,中澳两国双边贸易额达到1550亿美元,其中仅铁矿石贸易额就接近400亿美元。

澳大利亚坚定地致力于发展和扩展在资源及其他行业与中国的贸易投资关系。中澳自由贸易协定的生效又为两国充满活力和互补的双边关系注入了新的动力。我们期待着与所有的中方伙伴开展合作,充分利用中澳自由贸易协定所带来的机遇。

祝贺力拓铁矿及其与众多的中国合作伙伴所取得的成就。我希望力拓能一如既往地中澳两国双边关系的发展作出重要贡献。

安思捷
澳大利亚驻华大使

Musical performances

音乐表演

Australian Aboriginal people have been living in the Pilbara for more than 50,000 years. Their dance and songs have been passed on from generation to generation dating back to a time long before explorers and prospectors started to search the earth for its iron ore riches.

Each song, like each design or painting is part of a moment in a larger story. Songs make up a song series or a 'songline' which is a map of the country based on the travels of the Dreaming ancestors. The didgeridoo is possibly the world's oldest musical instrument and is made from tree limbs and trunks hollowed out by termites (insects) creating a wind instrument.

澳大利亚土著人民已经在皮尔巴拉地区生活了50,000多年。土著人民的舞蹈和歌曲代代相传，其悠久的历史远远早于人们在这里勘探铁矿的历史。

每一首歌，就如每一种设计或每一幅画一样，都代表着一个完整故事中的某个时刻。不同歌曲组成的组曲，就好像是由“梦创时期”的土著祖先们的足迹绘制出的地图。土著人使用的迪吉里杜管或许是世界上最古老的乐器，这种管乐器由树枝以及被白蚁蛀空的树干制作而成。

Voyager Estate

航海家酒庄

The beautiful Voyager Estate wines featured at the 50th dinner are from Margaret River, a world-class wine region located in Western Australia. Owned by the Wright family, Voyager Estate's connection to Rio Tinto dates back to the 1960s. It was the partnership between Western Australian-born prospector and pastoralist Lang Hancock and businessman Peter Wright, which persuaded the then London-based Rio Tinto to take an interest in the iron ore deposits of the Pilbara.

Lang and Peter undertook further work with Thomas Moore Price, an engineer and raw minerals expert, with his remarkable character, imagination and expertise proving instrumental in assisting the formation of Hamersley Iron. The town of Tom Price in the Pilbara is named after him and, in recognition of his contribution to Western Australia's iron ore industry, Voyager Estate has named a special range of fine wines in his honour.

此美酒产自航海家酒庄，该酒庄位于西澳州玛格丽特河地区，是世界一流的葡萄酒产地。

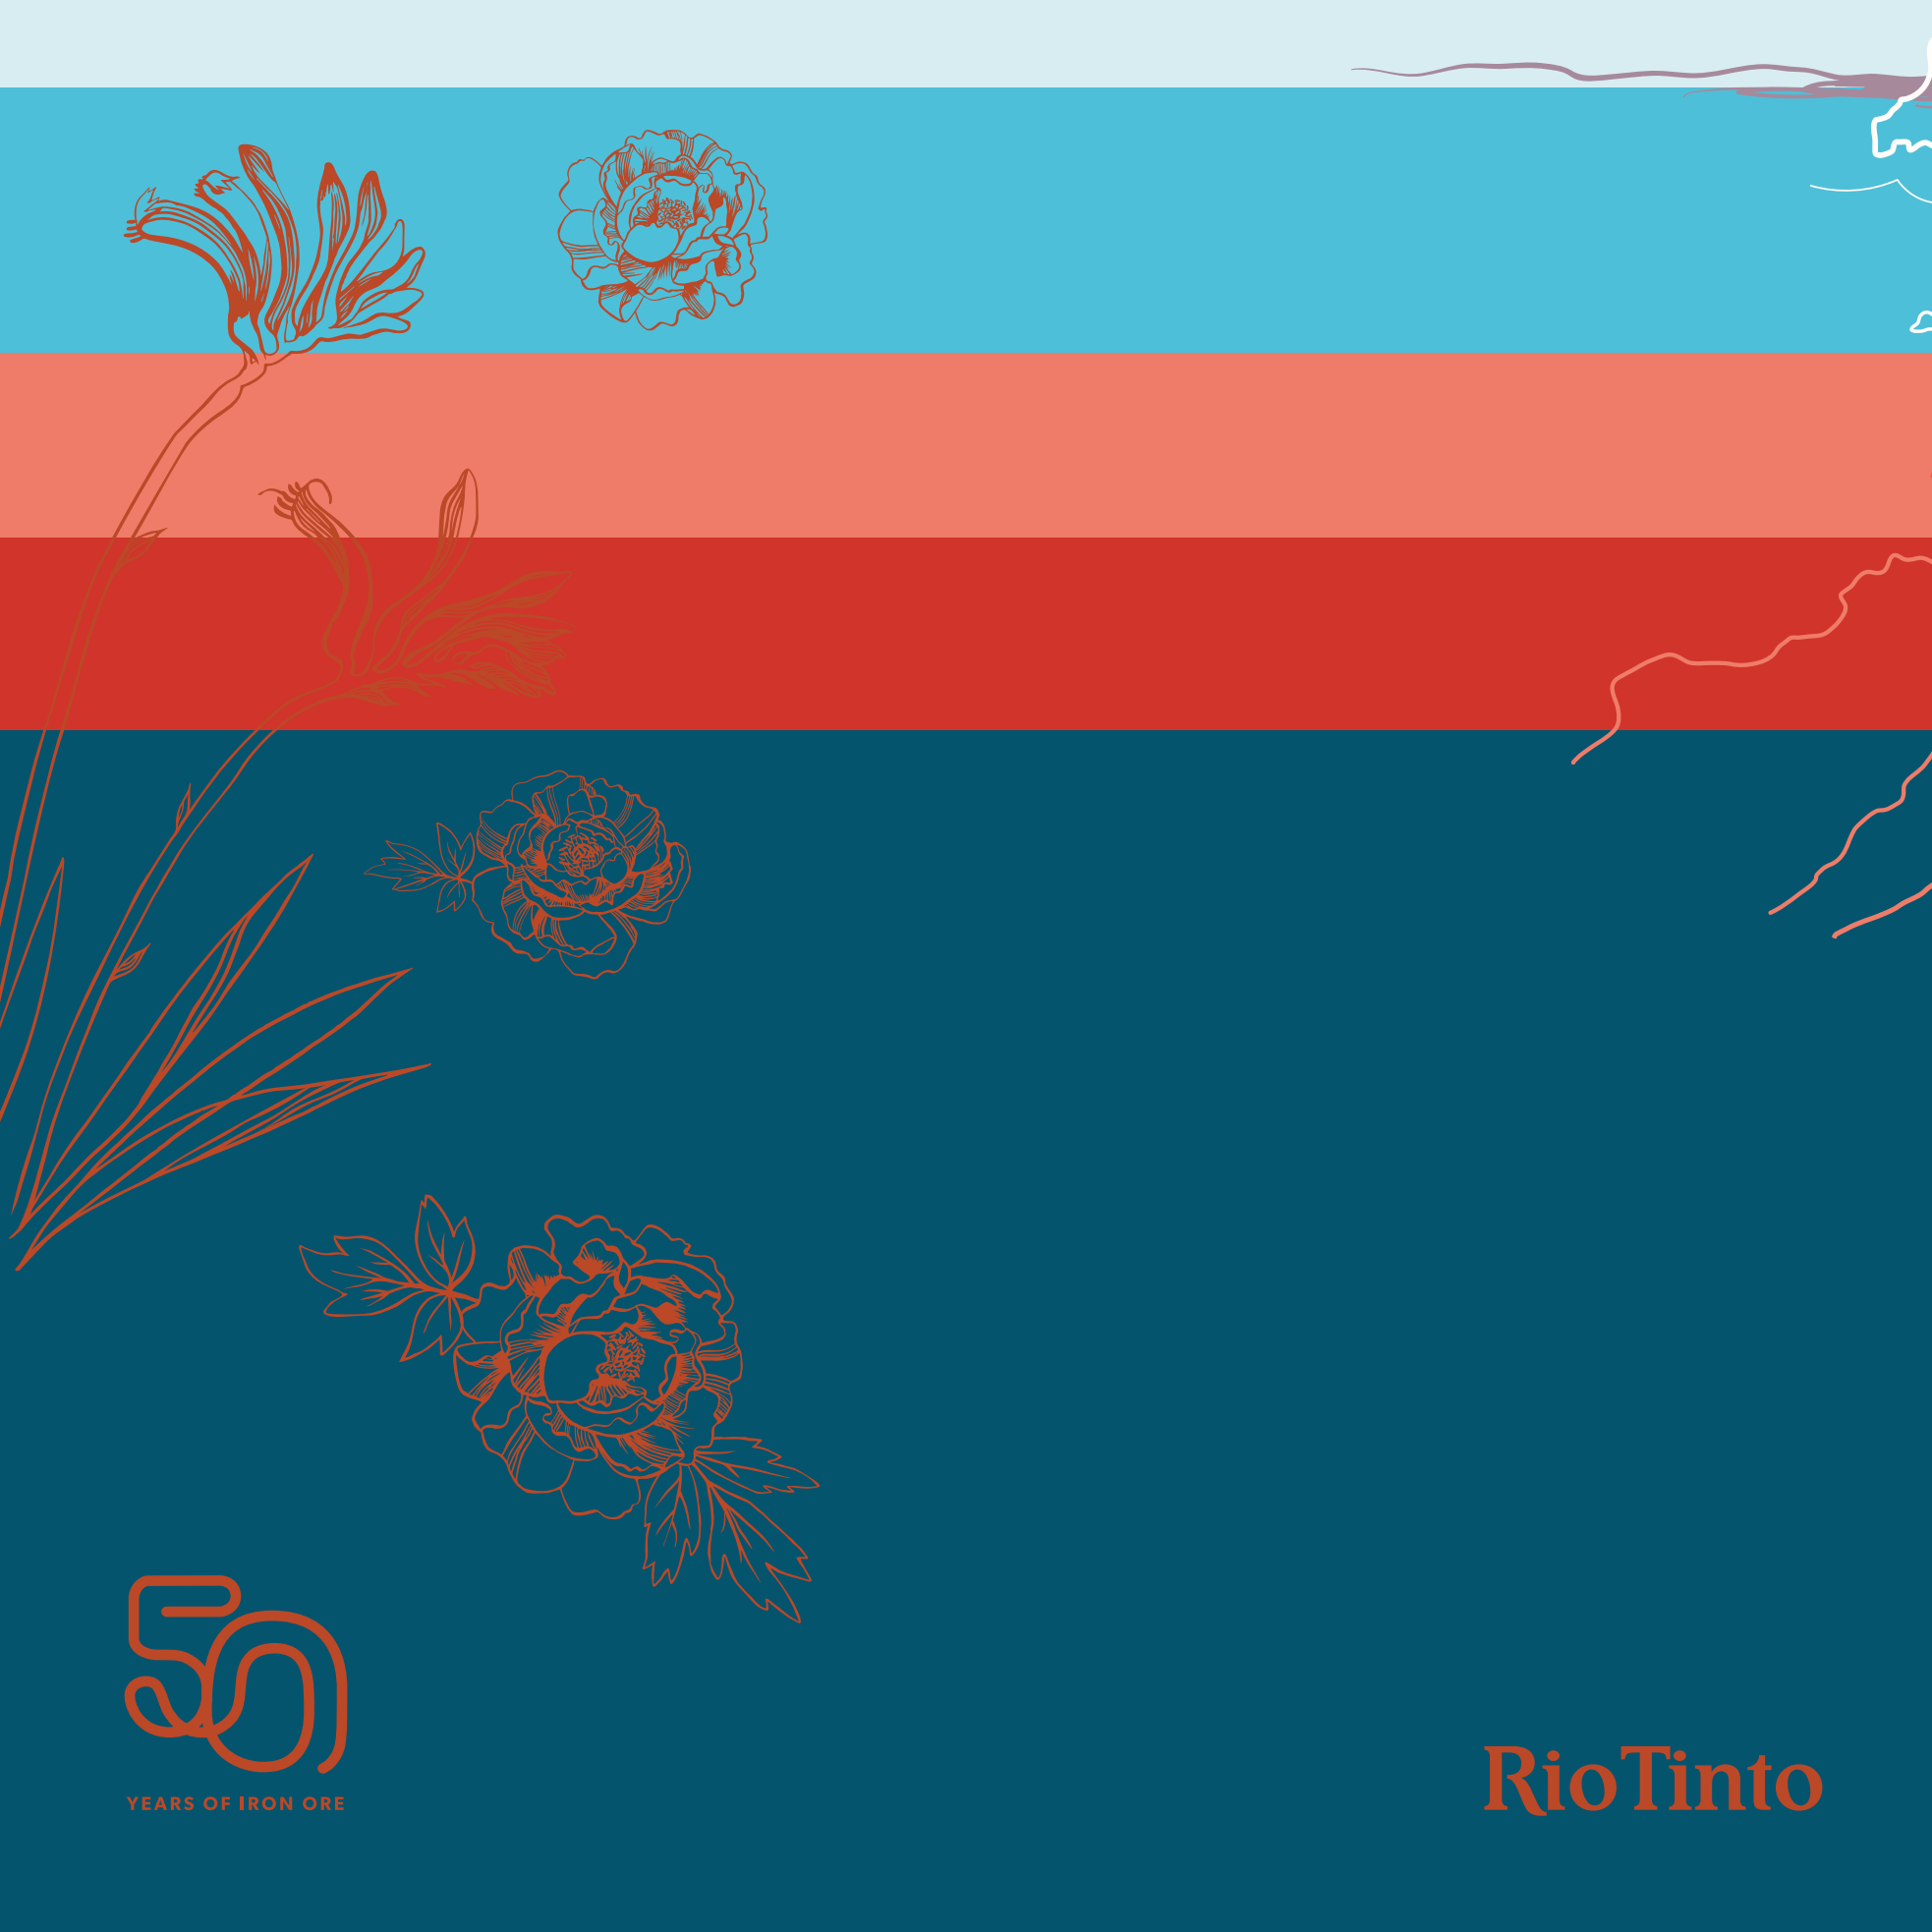

航海家酒庄现由莱特家族掌管，其与力拓的渊源可以追溯到上世纪60年代。当时，西澳州牧民探矿者朗·汉考克与商人彼得·莱特合作，共同说服了总部位于伦敦的力拓公司对西澳州皮尔巴拉地区的铁矿矿藏进行投资。

汉考克和莱特后来又与工程师、矿物原料专家汤姆·普莱斯展开合作。人们公认汤姆·普莱斯的人格魅力、远见卓识以及专业水平对哈默斯利铁矿公司的成立起到了至关重要的作用。

皮尔巴拉地区的汤姆普莱斯镇就是以普莱斯先生的名字命名的。为了纪念他对西澳州铁矿事业做出的贡献，航海家酒庄也以他的名字为一系列美酒命名。
